HISTORY

Central Machine and Fabrication, a division of Central Industrial Supply, Inc., was established and incorporated under the laws of the state of Alabama in 1976. The company has been at its present location in Montevallo, Alabama since 1979. We are a manufacturing facility providing a full range of fabrication and machining services from materials including steel, stainless steel, aluminum, and alloys. Our services are concentrated in the cement, lime and pulp & paper, and steel industries.

With our manufacturing capabilities we have built complete material handling systems, custom designed machinery and equipment as well as structural and platwork projects. We have built an extensive background in repairing and rebuilding a broad range of industrial equipment and machinery such as roller mills, crushers, screening equipment, and foundry machinery. Our well equipped facility exceeds 25,000 square feet of manufacturing area. This area is serviced by 5 overhead cranes ranging from 3 ton to 10 capacity. Our facility is complimented by approximately 25 skilled, innovative and quality minded employees.

No job is too large or small. We are dedicated to offer our clients quality work at a competitive rate that will allow them to remain competitive in their business.

## FABRICATION EQUIPMENT

- 16’ 650 Ton Press Brake
- 12’ 300 Ton Press Brake
- 10’ x 1/2 Plate Shear
- 10’ x 1/2 Plate Roll with Angle Attach.
- 80 Ton Hyd. Web Punch
- 100 Ton Hyd. Flange Punch
- 60” Pipe Burning Machine
- 36” Template Burning Machine
- 10’ Portable Track Burner
- Arc-Gougers
- Mig Welders
- Tig Welders
- Sub-Arc Welders
- Welding Positioner
- Welding Manipulator
- Conventional Welders
- Plasma Burner 100 AMP
- 1 Bridge Crane 6,000 #Cap
- 2 Bridge Cranes 10,000 #Cap
- 2 Bridge Cranes 20,000 #Cap
